

PUBLIC INFORMATION BULLETIN NO. 40
MARCH – APRIL 2022
AWA STREET WASTEWATER PUMP STATION
FORCE MAIN AND SEWER SYSTEM IMPROVEMENTS
WAIAKAMILO ROAD TRUNK SEWER
JOB NO. W5-16

GENERAL INFORMATION

This bulletin is published to the project website (www.awasewer.org) monthly to keep the community informed about construction work associated with the Awa Street Wastewater Pump Station Force Main and Sewer Improvements – Waiakamilo Road Trunk Sewer Project. The contract Notice-To-Proceed was issued to FV Coluccio Construction Company (FVCCC) on June 27, 2018. Heavy construction is scheduled to continue through the Spring of 2022. Please refer to the attached map and visit the project website for more detailed information about this project. To request hard copies of the monthly information bulletins please call the project hotline at (808) 219-7009.

UPDATES FOR ONGOING ACTIVITIES

FVCCC performed the following work in February:

- Installation of new sewer lines by microtunneling.
- Installation of new sewer manholes.
- Connection of new sewer lines to new manholes.
- Abandonment of inactive sewer lines.

MARCH - APRIL FORECAST OF ACTIVITIES

The activities listed below are scheduled to continue or begin in March and/or April. The approximate locations and work hours for these activities are shown on the attached map.

- Installation of new sewer lines by open excavation.
- Installation of new sewer manholes.
- Connection of new sewer lines to new manholes.
- Restoration of shafts.
- Abandonment of inactive sewer lines and removal of temporary bypass piping.

TRAFFIC UPDATES FOR MARCH – APRIL

Construction work will require relatively isolated lane closures at several locations on Houghtailing St. and/or School St. Access to driveways will be maintained via right turn motions from the travel lanes fronting them; however, access to some driveways via left turn motions may not be available due to the presence of work area closures.

Along Houghtailing St. and School St. daytime and some early evening work is anticipated to occur.

During the month of March, some overnight work will take place on School St. at the Houghtailing St. intersection. Detours will be involved with work located within or near that intersection. See below for associated traffic detours.

- **Traffic Detour for Work at N. School Street**
8:30 am to 5:30 pm, Monday through Saturday
7:00 pm to 5:00 am, One night between March 18 and March 25

On Houghtailing St. in both the makai and mauka bound directions, through and/or left turn movements may be restricted.

On N. School St. in the Diamond Head bound direction, left turns may be restricted; while in the ewa bound direction, both left and right turns may be restricted.

In addition to these closures, the street segment of Houghtailing St. between N. School St. and Ahiahi St. may be closed and open to *LOCAL TRAFFIC AND THE BUS ONLY*.

Drivers affected by any of these work area closures will be detoured via Bernice St., Kapalama Ave., Hala Dr., and/or Aupuni St.

CONTACT INFORMATION

For more information about this project, please visit the project website: www.awasewer.org or call the project hotline at (808) 219-7009.
